Your search did not find any articles. These tips can help:

MS 2/13/03

- Verify the correct spelling of your search terms.
- If you're searching "Citations and Abstracts", try the same search in "Article text".
- If you're searching *Current (years)*, try the same search against the *Backfile* or vice-versa.
- If you're searching only one or two collections, use Change Collection to add another or search ALL available collections.
- Remove any limit to Full text articles or Peer reviewed.
- If you're using Basic or Guided Search, don't enter a question or long sentence. Instead, use the AND operator to link important words of the sentence together. For example, instead of *What is the largest continent on Earth?*, search for *largest AND continent AND earth*.
- Use Natural Language Search to enter a question in everyday English.
- Use the Topic Search to find articles relevant to what you are looking for.
